How do you add contacts on Skype?

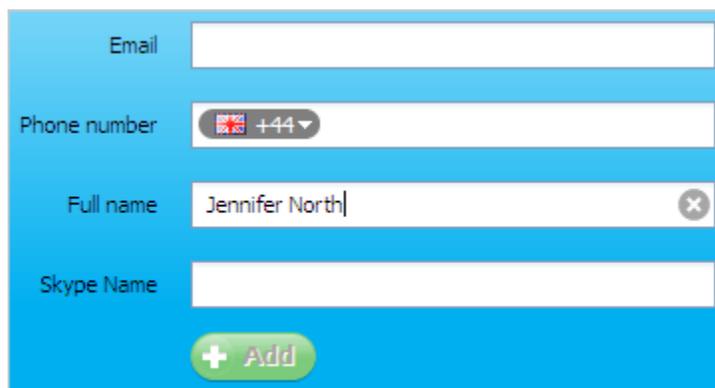

Add Contacts

Want to find a friend on skype? Skype is set up so that you do not need the person's Skype name, but you will need their full name, email, and or city/town.

1. Sign in to Skype.
2. Click **Contacts** → **Add a Contact**.

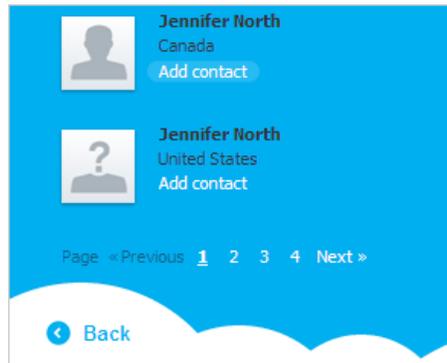

3. Enter the Email, Phone number, Full name or Skype Name of the person you want to add.

A screenshot of the 'Add a Contact' form in Skype. The form has a blue background and contains four input fields: 'Email', 'Phone number' (with a dropdown menu showing '+44'), 'Full name' (with the text 'Jennifer North' and a clear button), and 'Skype Name'. At the bottom of the form is a green button with a plus sign and the text '+ Add'.

How do you make a video call on Skype?

Video calls are the most popular feature of Skype. On a video call you can see and hear the person you are calling. You can make a free video call with any of your Skype contacts – all you need is a webcam.

Before you make a video call check:

- Your webcam is plugged into your computer (if you have an external webcam).
- You've installed the software that came with your webcam.
- You have turned on your webcam.

Make a Video Call

1. Sign in to Skype.
2. Find the person you want to talk to in your contact list and click on his or her name. (Make sure they are online - if they have this  symbol beside them, it means they are offline and you won't be able to video call them.)
3. Click  in the main window to start your video call.
4. Smile, wave, say hello!
5. To end the call click on the red phone.

How do you make a voice call on Skype?

You can call your contacts easily on Skype.

Make a Voice Call

1. **Sign in** to Skype.
2. Find the person you want to call on the **Contacts** tab. If you have lots of contacts you can use the "Search" box to find the person you're looking for.
3. Click on the contact. You will see their details in the main window.
 - Remember - anyone with one of these icons beside them  is on Skype so it's free to call. Anyone with one of these  means it's a phone or mobile number and calls will cost you a little.
4. Click the drop down arrow on the button.  Click **Call Skype**. You should hear ringing. If you don't hear the other person or they can't hear you, click the call quality icon in the call bar .
5. To hang up, click the **End call** button .

What are other features can you use on Skype calls?

There are several useful features you can use on voice or video calls. These are found on the bar at the bottom of the Skype screen.

Use Skype Features

-  Hide your contacts so they aren't shown on the screen.
-  Show the IM window so you can instant message the person you are talking to.
-  Mute your microphone so the other person can't hear you.
-  Add participants to your call, send files and more.
-  End your call.
-  Get call quality information.
-  Choose screen options so you can show your friend's video in full screen or put all your videos into a separate window that you can drag around your screen.
